- > 20 additional keys through page switch
- > 2 independent control keys are used for fast switch pages
- > Programmable for shared line, BLF List, call park, conference, forward, group pickup, group listening, LDAP, Pick UP, XML Browser
.....

Physical Feature

- > Wall mountable
- > Stand with 2 adjustable angles
- > Expansion module (≤ 2) is powered by the host phone
- > Supports up to 6 modules daisy-chain
- > 2xRJ12 (6P6C) ports for data in and out
- > Dimension (W*D*H*T):
127mm*213mm*167mm*45mm
- > Applies to Yealink SIP-T46S, SIP-T46G, SIP-T48S, SIP-T48G
- > Operating temperature: -10~50°C (+14~122°F)
- > Operating humidity: 10-95%

Package Features

- > Qty/CTN: 10 PCS
- > N.W/CTN: 6.7 kg
- > G.W/CTN: 7.6 kg
- > Giftbox size: 237mm*154mm*100mm
- > Carton Meas: 520mm*317mm*247mm

SIP-T46G+EXP40

High-Performance LCD Expansion Module

The Yealink EXP20 is the next iteration of the company's flexible and powerful SIP-T27G, SIP-T27P and SIP-T29G advanced IP phone models.

The EXP20 contains a large and user-friendly liquid crystal display (LCD) interface that measures 160x320 pixels, as well as contains 20 physical, dual-color LED keys. The additional screen space and added number of buttons simplifies user navigation and streamlines essential operational functions such as speed dial, BLF, BLA, call forwarding, transfer and hold. Up to six EXP20 phone systems can be strung together on a single daisy chain.

The advanced new Yealink EXP20 is an ideal IP phone system for receptionists, administrative assistants or contact center workers who need to monitor and manage a large volume of calls on a regular basis.

Key Features and Benefits

An All New Design

The EXP20 touts an all-new design that mirrors the eloquent look and feel of the T27G, T27P and T29G models. The solution brings to the table multiple convenient, user-friendly features such as rubber feet covers in order to prevent sliding, as well as a flexible base that allows the phone to stand in multiple dynamic positions. These features, among many others, contribute to a more enjoyable user experience.

A Richer Visual Experience

The solution's expansive screen, combined with an added backlight and multi-page layout, simplifies navigability for the end user. These functionalities, combined with 38 programmable LED keys, provides the rich visual experience that professionals need to exceed in today's demanding workplace.

Expandability

The EXP20 supports up to six expansion modules. It should be noted, however, that if you exceed two connections, the device will require a conventional power supply of 5V/1.2A.

- > A diverse range of actionable, LCD-accessible icons
- > 160x320 graphic LCD with backlight
- > 20 physical, dual-color LED programmable keys
- > 18 additional keys available

SIP-T27P+EXP20

SIP-T29G+EXP20

Wideband Headset for Yealink IP Phone

Yealink YHS33 is the over-the-head style headset which is made for office worker, SOHO, or call center staff. It is compliant with the full range of Yealink enterprise IP phones. Its distinctive design is slim and stylish with an elegant satin finish. Its featherweight materials and ear pads made from bio-mimetic protein-based leather ensure luxurious comfort, while its unique pivoting boom deliver crystal-clear, private conversations. Coupled with wide-band audio technology, it delivers richer, clearer conversations, and reduces listening fatigue. What's more, ultra noise-cancelling microphone filters out background noise for perfect speech transmission. And its Quick Disconnect feature provides walkaway convenience, enabling user quickly leave for a short time or switch to other sound equipments. Yealink YHS33 stands its unique position in the market with the combination of exceptional comfort, durable lifecycle, premium quality, and brilliant sound.
